

Rural 5.4 Revision Detailed Revision Documentation

SAS-7287 & 7721

Added the ability to search for the Parcel Address from the List Building Permit Screen/Panel .

(Note: You can search by clicking the binocular icon  or by pressing the F4 button.)

The screenshot shows a software dialog box titled "Search Building Permit". It is divided into three main sections: "Position to", "Equals", and "Contains".

- Position to:** A single text input field for "Permit #".
- Equals:** Multiple input fields for "Appl. Date" (0/0/0000), "Date Approved" (0/0/0000), "Permit Type...", "Status" (with a dropdown arrow), "Zone...", "District/Sub", "County Zone", "Street #", "Dir" (S), "Street Name" (5TH STREET), "City" (MERIDIAN), "State" (ID), and "Zip" (83642-).
- Contains:** Input fields for "Parcel #...", "Applicant Name", "Contractor Name", and "Company", followed by a large text area for "Comments".

On the right side of the dialog, there are buttons for "OK", "Cancel", "Help", and "Clear". Below these is a "Records to Search" section with a text input field containing "9999999".

SAS-7533

Added the Contractor Registration ID to the Building Permit & Build Jobs Screen/Panel.

Build Job and Permit Change Tracking

We have added two new functions (icons) to the List Building Permit Screen. This functionality allows the user to identify changes that have taken place on a specific build job or permit.

Build Job Tracking

Build Job Tracking – This functionality allows the user to see what changes have been made to a specific build job.

Process Build Jobs

Permit Number: 1518

Date	Before_After	File Type	Changed By
11/21/2007	Changed	Build Job	CAI

Done

Previous Values

Sq Ft: 210 Valuation: 1436.40
Actual: 0.00

Structure Type: 0602-DECK

New Values

Sq Ft: 300 Valuation: 2052.00
Actual: 0.00

Structure Type: 0602-DECK

Fields highlighted in **YELLOW** indicate that field has changed.

This displays a before and after change snapshot.

- In the grid it shows date and who changed the record.
- Values in yellow identify what was changed.

Permit Tracking

Permit Tracking - This functionality allows the user to see what changes as a whole have been made to the permit.

Process Building Permit ✖
