RECORDING RELEASE v7.2.0

October 2017

Computer Arts, Inc. is pleased to announce the release of Recording Software v7.2.0. We have updated our Marriage License verbiage and added a template for data entry. Also included are some updates to reports and program fixes.

The following pages detail the enhancements and changes that are included in revision. Please share this documentation with all Payroll users in your offices.

We appreciate the input from our users in helping to prioritize and aid in the development of all of our programs.
If you have any questions, please feel free to contact the help desk.

Don't forget to check our website
for all of our documentation and information...

Bugs / Fixes

Issue No. 37735

Request By: Madison County

If there was a Label printer associated with an instrument, then if you delete the cash receipt from the instrument, it would add the user 'Smart' to the user that deleted the cash receipt.

If there is no label printer, it just added the USER.

It was bringing in that name from the Label printer, from the .ini file.

Fixed

Issue No. 27689

Request By: Clearwater County

Tabbing sequence in the Add New instrument, went from the Cash Type field to the Document ID field.

Should go from Cash Type field to the Description field.
